

GOJO LTX™ AND ADX™

DISPENSING SYSTEMS

EASY TO SERVICE. BUILT TO LAST.

BOLDLY DESIGNED

PROVON®
LTX-12™

GOJO®
ADX-12™

PURELL®
ADX-7™

Engineered reliability and easy servicing.
That's what powers the robust construction
and inventive design of the new generation
GOJO Dispensing Systems. Whether you
choose touch free or manual, the sleek lines
and colorful formulations call attention to
designs that are boldly different.

The LTX-12™ and ADX-12™ high-capacity dispensers accommodate fewer change-outs in high-traffic areas while the small-footprint LTX-7™ and ADX-7™ dispensers fit compact spaces. Spa-inspired GOJO soaps and next-generation PURELL® Advanced Instant Hand Sanitizer provide a pleasant experience and optimal performance.

RELIABLE

GOJO is known for engineering the industry's most reliable, easy-to-service skin care systems. It's a legacy we're building upon with the unmatched dependability of the LTX™ and ADX™ dispensing systems.

Easy to Recycle

Removable pump promotes convenient recycling.

GOJO® SANITARY SEALED™ Refills

Snap into place quickly and easily, minimizing labor time while protecting users from the contamination risks of bulk soap.

GOJO Controlled Collapse Bottles

Patent-pending refills are engineered to hold their shape for the majority of the life of the refill while emptying, for a more attractive appearance.

GOJO SMART-FLEX™ Bottles

Durable, recyclable PET material provides crystal clarity while using 30% less material than rigid HDPE material.

EASY TO SERVICE

Performance Guaranteed

Both the LTX™ and ADX™ systems carry the GOJO Lifetime Performance Guarantee – a dependability promise that even includes the batteries in the LTX touch-free system.

Smart, Trouble-Free Electronics

GOJO® LTX dispensers use patent-pending technology to optimize energy use. The dispensers are engineered to use a minimal amount of energy per actuation, eliminating the need to change batteries during the life of the dispenser in most installations. The batteries are included and pre-installed, allowing for easy activation of the system.

Easy Maintenance

Large sight window and skylight, clear refill bottles and vivid soap colors work together to allow at-a-glance checking of refill status.

GOJO LOCK OR NOT™ Technology

Open the cabinet using either of the dual side latches, or remove the key inside to convert to a locking cabinet. Change your mind anytime.

THE NEW STANDARD IN SKIN CARE

GOJO SPA-INSPIRED FOAM SOAPS

These new systems offer a selection of luxurious foam formulations enriched with moisturizers, natural extracts and skin conditioners. Whether you prefer vivid colors with spa-like fragrances or fragrance- and dye-free options, our portfolio of green-certified soaps delights users and supports a healthy environment.
